PROMISE A SENSATION

Dispute Between Miles and Alger May Be Serious.

GENERAL'S FRIENDS SAY HE HAS BEEN BADLY TREATED.

Washington, Aug. 26—Special—The dispute between Gen. Miles and Secretary Alger threatens to develop into a brisk warfare as the result of which one or the other will be compelled to step down and out. It is the conviction here that the secretary will be the one who will suffer, as Miles seems to have the best of it all around. He went to Santiago with the purpose of assuming personal command of the army, but found that Shafter had received a secret dispatch informing him that he was to retain control of affairs despite the presence of his superior officer. Gen. Miles might have ignored the secretary if he had chosen to do so, but for the good of the service he swallowed the affront and betook himself to Porto Rico. Now that the war is over he proposes to have an accounting with the secretary. This is the first instance in the history of this or any other army in which a minister of war has purposely given an affront to the commanding general of the army of his country, and if Gen. Miles follows the matter up an example will be made which will give assurance that there will be no repetition of this incident.

Philippine Marauders.

Manila, Aug. 26—Special—There has been a serious clash between American soldiers and insurgents in which Geo. Hudson, a member of the Utah battery, was killed and several wounded. Hudson got into a row with a native shopkeeper, when a crowd of insurgents ran up and fired at Hudson and his companions. A detachment of the Fourth cavalry dispersed the Philipinos. The same night a party of the natives began to strip the wreck of a gunboat. An armed force of Americans put off from shore and hailed the natives, who failed to answer. Then the soldiers fired a volley, killing one and wounding another. Aguinaldo disclaims responsibility. It is feared there will be serious and frequent uprisings.

The Prairie Aground.

Montauk Point, Aug. 26—Special—The cruiser Prairie is aground between Amaganztt and Natagu. The Prairie has aboard several hundred sick and wounded soldiers from Santiago. Fortunately no lives were lost so far as known. Lighters have been sent to take off the troops. The cruiser went ashore last night during a fog.

Diphtheria Is Threatening.

Montauk Point, Aug. 26—Special—The cruiser Harvard arrived this morning from Santiago with Gen. Chaffee and 670 men of the Thirty-third Michigan aboard. Diphtheria made its appearance on the voyage. Byrde Breeder, a Michigan soldier, succumbed to the disease, and three other men have the same trouble. Thirty-two sick were aboard.

The Peace Commissioners.

Washington, Aug. 26—Special—It is believed that after the cabinet meeting today the names of the peace commission will be made public. Three of the names are certain. Day, Davis, and Frye. Whitelaw Reid and Justice White are the others most persistently mentioned.

A Sixty Day Furlough.

Washington, Aug. 26—Special—The war department has decided to grant a sixty-days' furlough to all volunteer forces which took part in the Santiago campaign. The same action will probably be taken in the case of volunteers in Porto Rico when they return.

In Need of Workmen.

Santiago, Aug. 26—Special—Planters in this province have asked Garcia and Castillo to disband their forces so as to give a supply of workmen to assist in gathering the crops.

Reid Accepts.

Washington, Aug. 26—Special—Whitelaw Reid has accepted the peace commissionership. It is reported that Justice White has declined, and McKenna may be named.

TOOK PART IN PIGEON SHOOT

Janesville Sportsmen Had a Hand in the Edgerton Event.
A small sized delegation of local sportsmen paid a visit to Edgerton today for the purpose of witnessing a live bird shoot that was given under the auspices of the Edgerton Gun club. Six hundred live birds were on hand, and the sport was plentiful for all who participated. At 10 o'clock this morning the program opened, and at 3 o'clock this afternoon a fifteen live bird match was shot for a \$10 gold medal that was given by the proprietor of the Carlton hotel.
The whole affair was under the auspices of the Edgerton Gun club and was a success. S. Hovehill, of this city, was among those who managed to bring down a number of the birds.

A COMING NUTPIAL EVENT

Cards Are Out For the Marriage of Herbert E. Miles and Myrtle Maxwell.
Invitations have been received in the city for the approaching marriage of Herbert E. Miles and Miss Myrtle Maxwell, the happy event to take place at the home of the bride-to-be in the town of Milton on Monday, Sept. 5. The prospective groom is a printer by trade and for many years resided in this city prior to his removal to Edgerton, where he opened a printing establishment. Several years ago he removed to this city and opened an office on the west side. Numerous local friends will extend congratulations on the coming event.
We have made arrangements to handle a cargo of home grown muskmelons, and we are receiving them fresh every morning. The stock is very choice. Sanborn.

MISERY AT MONTAUK

Horrible Neglect of Sick Soldiers At Long Island Camp.

SECRETARY ALGER'S SHAKING UP HAS DONE GOOD.

Washington, Aug. 26—Special—A storm is headed for the war department. It becomes more evident daily that the administration has broken down. The pigeon-holing of orders for dainties for the sick must be explained. It is possible, however, that this can be shifted to the shoulders of official red tape and in the end no one will be blamed for the official murder of many brave men. Montauk, except for its pure air and clean sand, is a place of horrors. Alger's visit there must have impressed him. There were six hundred soldiers at the depot when he arrived, yet there was not a cheer. Hungry men who sat at the lunch counter did not even come out to witness his arrival. Ill feeling was not the cause of the silence. It was simply because they had not enough blood in their veins to rise to the point of enthusiasm. The stories of the horrors at the camp are beyond description. Hungry, hollow-chested, gaunt soldiers are lying on the ground awaiting the last call, unable to keep life in their bodies with the awful food furnished them. The same conditions exist in other camps where hundreds have died and others are dying.

Improved Sanitary Conditions.

Montauk Point, L. I., Aug. 26—Special—Secretary Alger's visit here has resulted in a great improvement in the camp conditions, and all the wants of the invalid soldiers are now well supplied, and a majority of those in hospital are making an excellent recovery. The secretary's visit has stirred up those in charge of the hospitals, and has stimulated a more rigid supervision by the commanding officers. The camp is kept in good sanitary condition, and the subsistence has been vastly improved. A special officer of the war department will see to it that the orders of the secretary are strictly complied with.

Barbarously Treated.

Montauk Point, Aug. 26—Special—The Eighth Ohio suffered terribly on the trip from Santiago. When the vessel arrived there were 340 sick aboard. The rations were wholly inadequate, and the sick fairly starved. Two men who died were victims of starvation. The soldiers say a number of prisoners refused to work because they were too weak from lack of food. The men are going to wire the charges to the president as soon as they land.

Sherman Casts a Reflection.

Washington, Aug. 26—Special—John Sherman is quoted as saying that the man responsible for the mismanagement of the Cuban campaign should not be in the cabinet.

Some Improvement.

Montauk Point, Aug. 25—Special—Secretary Alger's visit is beginning to have some effect. Red tape has been put out of existence, and conditions may improve.

Hasn't Had Enough.

Madrid, Aug. 26—Special—It is believed the government will resume hostilities in the Philippines in case of continued opposition on the part of the natives.

Hoar As Ambassador.

Washington, Aug. 26—Special—It is stated that the president is considering the advisability of appointing Senator Hoar ambassador to England.

HOME ON A SHORT FURLOUGH

Dan Woodard Has Fully Recovered and Will Return to Jacksonville.
Dan Woodard, of Clinton, who has been at Jacksonville of late as a member of the Beloit company, was in the city yesterday greeting his host of Janesville friends. He is here on a furlough, and expects to return in about two weeks. Dan was taken down with malarial fever, and was in the hospital for about a month. He applied for a furlough of thirty days. Two weeks of this time was spent in Clinton, and then he went to Beloit.
Little Leland Tarrant Sustains a Painful Fracture of the Arm.
Leland Tarrant, the four-year-old son of Mr. and Mrs. B. G. Tarrant, of East Milwaukee street, accidentally fell from a stand to the floor, at his home, this morning, fracturing his left arm between the wrist and elbow. Dr. James Mills, who was called, found the sufferer bearing his trouble like a little soldier. The break is a bad one, and will take some time to heal.

NEWS FROM NEARBY NEIGHBORHOODS

INCOMINGS AND OUTGOINGS OF ROCK COUNTY PEOPLE.

Gossip of a Personal and Business Character Gleaned By Gazette Reporters in the Garden Spot of Wisconsin—Religious and Social Notes.

THE GAZETTE AGENCY.
W. W. CLARK, MANAGER.
MILTON, WIS., AUG. 26, 1898.

The first game of ball of the season was played here Thursday between the North Loup, Neb., nine, who were in attendance at the seventh-day conference, and the Milton "Pick-Me-Ups." Bood and Hutchins were the visitors' battery, and Crandall and Place for Milton. It was quite a snappy game, taking into consideration the fact that both teams were out of practice. Milton won by a score of 4 to 1.

The class of '96, Milton College, were entertained at the pleasant home of Mr. and Mrs. B. Richardson, Thursday afternoon, and had a very enjoyable reunion. The members of the class are as follows: Dr. Helms W. Brown, Milwaukee; H. T. Plumb W. B. Wells, A. E. Whitford and O. A. Richardson, Milton, and Misses Mary Whitford, Westley, R. I., and Addie Davis, Janesville.

Prof. H. O. Curtis, of Waupun, was in town this week.

Capt. Norcross and wife, of Janesville, were in the village, Thursday.

The Rock Prairie people enjoyed a picnic at Clear Lake Wednesday, and gave their Milton friends an opportunity to shake hands with them.

John Palmer, of Mendota, was in town, Wednesday.

Prof. J. D. Bond returns to St. Paul Sunday night and his family go Tuesday.

E. O. Pratt, of Deerfield, visited his brother-in-law, J. P. Bulls, Thursday.

Misses Chapman, of Madison, and Skinner, of Evanston, Ill., were the guests of Mesdames Clarke and Blount Wednesday.

Miss Alice Millar entertained a number of lady friends at a 5 o'clock tea Thursday.

Mrs. J. G. Bond and Ernest returned home from their visit in Virginia Wednesday.

Rev. W. T. Millar attended the prohibition state convention at Oshkosh this week.

Road Commissioner Coon has built some new sidewalk this week.

Eugene Stewart, of Clear Lake, Iowa, who left this town twenty years ago, came here this week to attend the Thirtieth regiment's reunion and visit his brother, J. L. Stewart, and other relatives and friends.

Dr. E. B. Swift returned from his lecture tour in Iowa, Tuesday.

A. DeLosa Burdick, of Walworth, is a visitor in the village.

Indian Ford.

Indian Ford, Aug. 26—Mrs. Lois Jack, of Milwaukee, called on Mrs. J. L. Chamberlain last Friday. Mr. and Mrs. Hatfield and the Misses Sadio and Hazel Phillips, of Janesville, are in camp with Mr. and Mrs. Neelings. Sympathizing friends from the Ford attended the funeral of the six months old babe of Mr. and Mrs. George Day at Edgerton last Thursday. Miss Hubbard, of F. Atkinson, was a very welcome visitor at the home of her uncle, E. H. Rogers, last week. The Misses Christopherson and Torgerson, of Cambridge, called on Ollie Alverson, Monday. Friends of Levi Hubbell will be glad to learn that he is able to ride out. He has made several calls at the camps of friends up the river. Mrs. E. H. Rogers is in receipt of news that her youngest brother, William Dow, who works in a car shop at Minneapolis, had a piece of steel thrown into the flesh, which the doctor had not been able to remove. Mrs. Rogers did not learn in what part of the body the wound was, and is hoping for good news soon. Rev. A. S. Newcomb, missionary for the Rock County Sunday school association, will attend the Sunday school at Indian Ford next Sunday, August 28, and speak in the interest of bible study and Sunday school work. It is hoped that J. T. Wright, of Janesville, president of the association, will also be present. Let us have a grand rally for bible study.

Milton Junction.

Milton Junction, Aug. 20—Mrs. Mary P. Babcock has returned from a visit of more than a year in California. She will visit friends for a short time at Elgin, Ill., and then be at home again in her home in this village. The Misses Ethel Jones and Lois Doo, of Oxford, are visitors at Mrs. S. J. Carles. Mrs. Olive Price has returned from her visit at Wauwatosa. Mrs. Kittle Gosler, of Bangor, this state, is visiting her parents, Dr. and Mrs. N. H. Orlett. Mr. and Mrs. J. H. Bramhall, of Battle Creek, Michigan, are visiting relatives here. Cards are out

Ordered to Move at Once.

Washington, Aug. 26.—The following has been posted at the war department:

"Washington, Aug. 24.—Gen. Coppinger, Huntsville, Ala.: You will give orders for the removal of all your corps now at Fernandina to Huntsville at once. This movement should be expedited in every way possible.

SENIORITY CUTS A BIG FIGURE

IT WILL GOVERN THE MUSTERING OUT OF TROOPS

Colonel Schadel Being the Junior Must Return Home First—Gen. Lee Likes the Boys and Would Like to Retain Them, But the Governor Is Powerless.

Madison Wis., Aug. 26.—The officers of the First regiment are making a resolute fight against being mustered out and an indication of their activity was shown today by a dispatch from Major General Lee to Gov. Scofield asking him to use his influence with the War department to have one of the Wisconsin regiments now in service in Porto Rico mustered out in place of the First. Gen. Lee speaks in glowing terms of the efficiency of the First and says he wants it to remain in his command, but he begs the question in not referring to its condition which is the reason given for the pressure which has been put on the governor and the War department to have it mustered out. In addition to the dispatch of Gen. Lee Col. Schadel, of the regiment has again urged Gov. Scofield a protest against having the regiment mustered out and in his dispatch he claims to speak for a majority of the regiment.

Protests Received by the Governor.

This assertion is hardly borne out, however, by the flood of requests Gov. Scofield is receiving daily from members of the families of soldiers of the regiment to have it mustered out to save the lives of the soldiers. These appeals are based on letters from soldiers in the regiment to their families detailing the serious condition of the men. Several letters have also been received by Governor Scofield and Col. Anderson from privates begging them to do something to have the regiment brought north where they can regain their health. These appeals and the facts in the possession of Gov. Scofield, have decided him against taking any action to change the determination of the war department.

Seniority Will Count.

There is another reason which operates to prevent Gov. Scofield asking the war department to muster out one of the two regiments now in Porto Rico. The colonels of the First and Fourth are the junior colonels of the Wisconsin regiments, and military custom dictates that the senior colonels shall have their preference. In the light of this fact any attempt on the part of Gov. Scofield to have either the Second or Third Wisconsin regiments mustered out in place of the First, as General Lee suggests, would be a breach of military etiquette. A rumor was current today that the order of the war department for the mustering out of the First and Fourth had been countermanded, but it lacked verification, and Col. Anderson had received no news of any such order from Washington when the executive department closed for the day. This afternoon Col. Anderson telegraphed the war department asking for the date on which the two regiments would be mustered out, but at a late hour had received no reply.

Colonel Schadel Protested.

The protest received today, from Colonel Schadel, of the First regiment, against its being mustered out is as follows:

Jacksonville, Fla., Aug. 25.—Governor Edward Scofield, Madison, Wis.: In behalf of the officers and majority of the men in my regiment, I desire to enter emphatic protest against the unadvisable methods pursued by some to secure disbandment of this regiment. We have lived through the worst of the season in the south, have become thoroughly acclimated and are now practically immune and feel it would be a great injustice to us to even have in contemplation the premature retirement of the regiment. In view of the fact that troops in Porto Rico are largely ill and others may be needed to replace them, we who have become acclimated consider it our duty to remain in the service and to share the lot of the Seventh Army corps with which we have been pleasantly connected since our arrival in the south.

Col. S. P. SCHADEL.

Lee Compliments the First

Soon after that dispatch had been received the following telegram came from Gen. Lee:

Jacksonville, Fla. Aug. 25.—Gov. Scofield, Madison, Wis.: I am informed that two of the four Wisconsin regiments will be mustered out, the First, now here being one. Could it not be arranged for one of the regiments now in Porto Rico to be mustered out in its place? The First is one of the best regiments I have, and I am anxious to retain it, and such retention seems to be in accordance with the wishes of a large majority of the regiment itself.

Gov. Scofield's Action

In reply to this Gov. Scofield sent the following:

Madison, Wis., Aug. 25.—Gen. Fitzhugh Lee, Commanding Seventh Army Corps, Jacksonville, Fla.: Your telegram of this date received. Have been notified by war department that two of Wisconsin's four regiments must be mustered out. Of these the two most available for such purpose are Fourth, at Camp Douglas, Wis., and First, at Jacksonville, the other two being in Porto Rico. On account of location, of First and Fourth, and their colors being juniors to the other colonels, and because of the reports of sickness in and general condition of men of the First as shown by newspapers, private correspondence and personal reports, and because further of the expressed

wishes of many parents and families of the men of the First, I have endorsed the action of the war department in selecting First and Fourth to be mustered out, and must respectfully decline to interfere.

EDWARD SC. FIELD,
Governor of Wisconsin.

PROHIBITION STATE TICKET

Nominations Made and Platform Adopted at Oshkosh

Oshkosh, Aug. 26.—At the prohibition state convention held here yesterday the following ticket was placed in nomination:

For Governor—E. W. Chaffin, Waukegan.

For Lieutenant Governor—William W. Cooper, Kenosha.

For Secretary of State—E. Crank, Madison.

For Treasurer—William Larsen, Green Bay.

For Attorney General—Wesley Mott, Menasha.

For Superintendent of Public Instruction—Prof. A. E. Whitcomb, Evansville.

For Insurance Commissioner—Ed. Berg, Whitehall.

For Railway Commissioner—C. Lithero, West Superior.

The following is the platform adopted:

The prohibition party of Wisconsin assembled in convention this 25th day of August, recognizing our great responsibility as sovereign citizens proclaim:

First, for the prohibition of the manufacture, importation, and sale of intoxicating liquors as a beverage.

Second, that prohibition of the liquor traffic is right in principle, and all systems of taxing and licensing the same are wrong in principle, vicious in theory, and failures in practice.

Third, to the end that we may have an honest and economical administration of city government, we demand the abolition of the liquor traffic, so that the people and not the saloon shall control the election of officers.

Fourth, believing that many reforms are imperatively needed in our state relating to equal taxation, ownership, regulation, taxation, and control of monopolies, the abolition of the free pass and frank system, of bribing county officials, reduction in the cost of state, county, city and town government, and that as the purchase of a saloon vote is the one great hindrance to the election of honest men to deal with these questions, we demand prohibition.

Fifth, that as the liquor traffic is the robber of labor and the destroyer of wealth, we can never enjoy the full measure of individual and national prosperity until prohibition is secured.

Sixth, we demand that all territory heretofore acquired by us, as well as that lately annexed to the United States, shall be under prohibition; that we put upon our banner, never to be taken down, the motto, "No more saloon territory."

WANT THE SOLDIERS HOME

Monroe People Are Anxious Regarding The Welfare of the Boys.

J. H. Treat and several prominent business men of Monroe were in the city this morning, being on their way to Madison for the purpose of seeing Gov. Scofield in reference to the immediate removal of the entire First Wisconsin regiment north.

Mr. Treat says that the matter is not being allowed to drag on moment by moment by Monroe people, and that they intend to keep right at the state officials to see that their demands are complied with at the earliest possible moment.

Mrs. Joseph Bridge, a prominent Monroe lady who has a son in the ranks at Jacksonville, is quoted as saying that if her sick boy doesn't get better soon she will go after him in a Pullman sleeper and bring him back regardless of expense.

THINGS ARE IN BETTER SHAPE

Quartermaster Shriner Says Conditions at Jacksonville Are Improved.

Quartermaster F. A. Shriner, of Co. H, Monroe, was in the city this morning, and left on the noon train for Jacksonville to join his company. His trip north was to convey the remains of Applinton Taft to his home in Monticello. Quartermaster Shriner stated this morning that there was no doubt but the entire First regiment would soon be mustered out of service, and that the boys would first be brought north, probably to Milwaukee. In speaking of camp life at Jacksonville he says that all things are now being well looked after there, and that the government is in better shape than ever to care for the sick.

Monrore Is Dismissed.

Madrid, Aug. 26.—General Montoro, captain-general of the Canary Islands, has been dismissed by the government on the ground that he condemned the conclusion of peace and incited his own troops to rebel.

There are so many "jot lot" Waists that it seems a relief to select one from such a beautiful assortment as you show, said one lady. We still have some lovely novelties in French Plaid Canvas Cloth Waists, excellent to wash; Chicago price was \$3.50, our price, \$1.68. They closely resemble silk. Light Wool Madras Waists, fine and soft, were \$1.25, now 78c. Scotch Gingham, pretty styles, very desirable, down from \$1.50 to 89c. Splendid Waists at 39c and 48c, were 50c and 75c. We have a room in which ladies can try on garments and satisfy themselves as to fit and becomingness.

OUR NAVY THE BETTER.

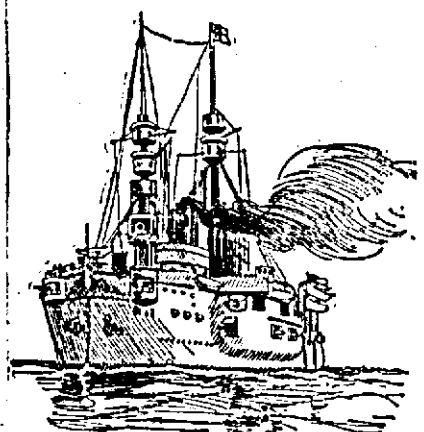

The Kaiser's Naval Force Out-matched by Uncle Sam's.

THE TWO SEA POWERS COMPARED.

We Have Finer Ships and More of Them, While the American Jack Tar, Who Takes For His Models Decatur, Farragut and Dewey, Is Unequaled.

There are several obvious reasons why a comparison of the navies of Germany and the United States is interesting just now. Uncle Sam may not have a chip on his shoulder, but you know that human nature is an attribute of nations as well as individuals. The chap who has just thrashed an offender is not apt to "take back talk" from any of the bystanders. His coat is already off.

All Americans must recognize that Germany is a big and powerful nation of brave, sturdy people and with im-

measurable resources. The German army is magnificent. It has a glorious history and is probably better today than ever before.

The German navy is a good one, but it is neither great nor magnificent. Not because in this feature we excel Germany, but because a clash between the two nations would have to be fought out on the wide battlefields of the ocean, is it pertinent to weigh together their respective sea power. It may be said in the beginning that even before the present war was begun German authorities conceded the superior strength of our navy. When, awhile ago, the question of increase in the German navy was before the imperial legislature, the German naval authorities prepared a table of the comparative naval strength of the powers, including the United States. That table credits the United States with a tonnage of 113,000 in battleships as against Germany's 110,000, a tonnage of 123,000 in cruisers as against Germany's 110,000 tons. This gives a total of warships in tonnage for the United States of 230,000 as against Germany's 220,000 tons.

Since that time there has been added to the navy of the United States a tonnage of 123,343, making the total for America 349,343 tons as against Germany's 220,000 tons of fighting ships.

This does not include a vast tonnage of armed transports, colliers and supply ships nor hospital ships which have gone into the service of this government. It does include, however, all merchant vessels and converted yachts.

That the auxiliary fleet must be reckoned hereafter when computing naval strength is an accepted fact. If you do not accept it, just remember Walcott's work with the Gloucester.

With his converted yacht he not only disabled two torpedo boat destroyers, but actually tackled one of the Spanish battleships. There are lots of Walcotts in our navy, too, and whatever the size of their commands they will use the guns they have, no matter how small, as long as they can keep afloat.

When we reckon into the tonnage all the vessels of the revenue cutter and lighthouse service, many of which are so well built and armed that they are worthy of being considered as third or fourth class cruisers, we find that our gross tonnage exceeds that of Germany by something like 125,000 tons.

When it comes to counting noses on the warships of both navies, we find that we are still ahead. Less than three months ago our fighting force on the sea, including petty officers, was only 12,500 men. Today we have 25,000 en-

listed men afloat, and the number is to be increased to 34,000 before another year has passed. As for Germany, last April she credited herself with 21,835 men.

But our navy is not to be allowed to shrink to its former size. Not only are the 25,000 men to be retained, but arrangements have been made for keeping the forecastles of our greater navy filled with good men from now on.

Under the new peace arrangement, in addition to the 25,000 enlisted men, there will be 2,000 boys under instruction, who are expected to occupy the places of petty officers, such as gunners' mates, quartermasters, boatswains' mates, carpenters' mates, etc.

Thus it will be seen that the navy of the immediate future is to be enormously stronger numerically and otherwise than the navy of a few months ago. It is but one of many symptoms which show that Uncle Sam is preparing to take a serious part in the control of the world's affairs.

Not only have all these matters been figured out in detail by the navy department, but there is every reason to suppose that congress at its next session will enact into legislation various changes which are necessary to the evolution of the service along the lines of normal growth. The money required has got to be supplied and the changes in question are inevitable. It is proposed, to begin with, that the number of officers shall be considerably increased. There are to be 18 rear admirals, whereas now there are only seven. Of captains there are to be 70 instead of 45; there are to be 112 commanders instead of 85; of lieutenant commanders there are to be 170 instead of 74. The number of lieutenants is to be increased from 250 to 300, and there are to be 350 junior lieutenants and ensigns instead of the 105 now on the list.

This arrangement is not only going to swell the number of our sea fighters, but is designed to bring into the navy a higher class of men. Already the change has begun. The new recruits for the navy, something like 3,000 in number, which have recently been secured, are pronounced to be the finest body of men ever taken into the American navy at one time.

So we can fearlessly compare our Jack Tars, man for man, with those of the Kaiser's navy. The German man-of-war's man is brave and a fine sailor, but we modestly submit that he is not the equal in intelligence of the Yankee tar.

In the first place the American navy has traditions, and though the general public in this country is woefully ignorant of the fact the American sailor regards himself as the custodian of the glory of Decatur, Paul Jones and Farragut. From the time he joins it the sailor of the American navy feels that the service to which he belongs has been one which for over 100 years has been victorious. This gives him confidence, pride in his vocation, a stimulus to deeds of daring and a conscientious desire to learn as thoroughly as he can the details of his profession.

The German navy has no such traditions, and the enlisted man in the German navy is not to be compared for knowledge of his profession with the American sailor. The world is just now filled with the praise of "the man behind the gun" in the American navy.

After all, the real object of firing off a gun is to hit something, and as gunners the Americans are certainly far ahead of the Germans. Germany has no schools for the training of her officers and men which can compare with the

schools of the United States. The German navy is not to be compared for knowledge of his profession with the American sailor. The world is just now filled with the praise of "the man behind the gun" in the American navy.

TO LEAVE PORTO RICO.

General Miles to Send Home All Troops Not Needed.

Washington, Aug. 25.—Orders have been issued directing General Miles to send home from Porto Rico all troops not actually needed for service there. No point has been designated as yet for their disembarkation in the United States, but an examination of several sites is in progress. It is desired to secure a healthful camp and at the same time one where disembarkation can take place at once without any delay such as occurred at Montauk.

It is expected that some of the troops to be sent from Porto Rico will sail today or tomorrow. The first arrivals will be landed at New York city.

May Suggest Modus Vivendi.

Havana, Aug. 25.—The Spanish colonial authorities, while they have decided that merchandise from Santiago and other ports occupied by the American forces is to be considered foreign and thus subject to custom house duty, have taken under special consideration the future of the agricultural products and manufacturing industries at such points, with a view of suggesting to the Madrid government a modus vivendi with the American government regarding the same, leaving the output in bond pending a decision from Madrid.

Confer With the President.

Washington, Aug. 25.—Senators Davis of Minnesota and Frye of Maine, who have been selected for peace commissioners, arrived at the white house at 10 Thursday morning and immediately entered into conference with the president concerning the coming labors of the commission at Paris. The conference lasted two and a half hours and then the two senators called on Secretary Day, who will be the chairman of the commission. Retention was observed respecting the conclusions reached.

Ships Will Not Be Scattered.

Washington, Aug. 25.—The navy department has declared that the North Atlantic squadron, under Admiral Sampson, will not be scattered until peace has formally been declared. It is not the intention to disband the aggregation of warships which has been gathered together at so much labor and expense until all possibility of an emergency has been dissipated. While ships may be docked and repaired, they will not be put out of commission just yet.

SUFFICIENTLY STRIKING

The detailed analysis of Great Britain's over sea trade for 1897 is given in the latest issue of the Blue Book. There is a marked increase in imports, the total for the year being \$2,255,144,800 and a heavy decrease in exports, the latter aggregating \$1,171,008,540. This leaves a debt trade balance of \$1,084,046,260, while the credit trade balance of the United States for the fiscal year ended June 30 is in round numbers \$800,000,000. Compared with Free Trade England Protected America has the better of

the argument to the extent of over \$1,000,000.

Some deductions from this mighty sum must be made on account of charges for carrying American goods to foreign ships, interest and dividends on American securities held abroad, money spent in Europe by American tourists and some minor items besides; but even after making all these allowances the American contrast between the workings of the two fiscal and economic policies is sufficiently striking.

United States Consul Swain at Montevideo has notified the state department that the president of Uruguay has appointed a commission composed of representative men to revise the tariff laws of the country. This, says Mr. Swain, will be of much importance to American trade, affording us as it will an opportunity to change the present classifications so as to benefit many lines of our merchandise.

Southern manufacturers realize the beneficial effects of a wise tariff law. The New Orleans item says: "The democratic press of the entire country is rejoicing over the operations of the Dingley bill, which has done more to increase the prosperity of the country than any piece of legislation ever enacted by congress. The unanimity of sentiment is something remarkable."

Mayor Ross, of Milwaukee, aspires to the office of United States senator, and is making his plans accordingly. This splits the Milwaukee democrats into two factions, the Ross ring and the Boss Wall ring, and means a battle royal with no show for the winner.

The platform adopted by the Minnesota republicans starts out appropriately with an endorsement of the Dingley law.

EXTRAVAGANT MILLIONAIRE.

The Crash Came Just After He Built His Palace.

The sensational and (to those not in the know) sudden and unexpected failure of a man who not long ago was supposed to have cleared a couple of millions sterling out of a single deal, recalls to mind several other similar colossal commercial catastrophes, says the London Mail. One of the most dramatic if not actually one of the largest, so far as the liabilities were concerned, was that of Baron Albert Grant of "Emma Mine" notoriety. Grant was the uncrowned king of the financial world of his day and generation. He made millions almost as deftly as the late Mr. Barney Barnato, and he spent them right royally. He bought Leicester square and presented it, a free gift, to the people of London. He gave a dinner to nearly a thousand city magnates at a cost which was popularly reputed at the time to have exceeded a hundred guineas a head, and which, in any event, undoubtedly established a record in extravagant dinner-giving which has yet to be beaten. And he started out to build a palace in Kensington which should "knock spots off" all other private residences, past, present or to come. Everything was got up regardless of expense. The ballroom walls were inset with panels of pink Italian marble, costing 800 guineas each. In the entrance hall were four pillars of porphyry, worth £4,000. The building was scarcely finished when the crash came, and it remained for long a brick-and-mortar white elephant on the hands of the trustees in bankruptcy. Eventually most of the interior fittings and decorations were disposed of piecemeal, the grand staircase, which had cost to build some £10,000, being acquired by the representatives of the late Mme. Tussaud for a trifle over a fourth of that sum. It now forms the main approach to the upper and principal suite of rooms of the new exhibition buildings in the Marybone road.

His Turn Had Come.

A Missouri recruit was heard soliloquizing as follows: "I never saw anything like it. Talk about the prodigal son and the fatted calf! Why, they weren't in it at all. The prodigal son doesn't figure. I could give him cards and spades and beat him on his own deal. Why, nothing's too good for me. Then folks kiss me when I go out, and kiss me when I come in. I can take my bicycle in the front way, a thing I never dared do before. I can smoke in the parlor. It all goes. Nobody says a word. I never amounted to anything before. I was always in the way about the house, but now—say, I own the block. The girls all look at me as if I was a deity. Why, even my sister, who never had any use for me before—said I was stupid and never could do the right thing at the right time—is doing the loving-embrace act every other minute. Why, I believe that I could sprinkle the sitting-room floor with ashes and she would never register a kick."—New York World.

Santiago Hospitality.
Among the beauties of Santiago are the saloons, for instance, says Collier's Weekly. Through an arrangement of colored paper and little colored lamps they succeed in a gaudiness which even the quizzical cannot eclipse. In the consummations, however, there is compensation. The naranjada, a drink made of oranges, affects the tonsils as music affects the ear. There is also a concoction of white almonds, which is love and poetry in liquid shape. Then, too, there is gin. It differs from our own. In just what fashion the writer is insufficiently toxicological to state. But it is very beautiful, and whether it be the ingredients or the climate, or both, it is capable of frequent admiration without after effect. On the occasion of the writer's first visit to a fonda he ordered some. Subsequently, in accordance with the Oriental custom in vogue there, he clapped his hands. The waiter came, and asked the bill, and was told that it was paid. It then appeared that a native, noting that the writer was a stranger, had, in accordance with another custom, settled the score and gone. It is a Cuban way, and a very pretty one of offering the freedom of the town—a freedom, parenthetically, which the troops may be trusted to take without offering of any kind.

Very Lively Wax Figures.

One day Pere Ratishone (an Israelite who became a Roman Catholic priest), while in London, went to Mme. Tussaud's wax works, and seating himself by the clockwork figure of Cobbe fell into a reverie. Three girls came past, and one of them inquired of the others if they did not think the figure of the priest wonderfully lifelike. "Not more so than the rest of the figures," said one. "I can't help thinking he is alive," rejoined the other. "Oh, no," said the first; "he's very natural, but you can see he's only wax." "I believe he's a man," repeated the skeptical one, resolutely. "Touch him, then!" exclaimed the other two, dutifully. "I don't mind if I do," was the answer, and thereupon, with some hesitation, the girl advanced a finger and laid it on his shoulder. Pere Ratishone, who had never moved a muscle during the conversation, the moment he was touched rose as if suddenly brought to life, and with a clockwork jerk walked away. The three girls uttered expressions of dismay and hurried to another part of the room as rapidly as possible.

Army Nurses' Pensions.

Since the bill was passed in 1891 granting pensions to army nurses six hundred and eighteen pensions have been granted, over two hundred claims have been refused, and about five hundred cases are under consideration, making in all about twelve hundred applications. Those having served simply as regimental and camp nurses have not received recognition, although strong efforts have been made to have the bill amended in order to include these. Mrs. A. Wittenmyer, who is chairman of the National Woman's Relief Corps, was an army nurse, and has been active in helping to secure pensions for nurses. It was largely owing to her efforts that the special act for Mrs. L. W. Holliday, whose four sons served in the army, passed.

American Guns in England.

The British army has adopted successively three different American guns for its army and paid liberally for the patent in each case. The first was the Schneider Enfield gun, by which the Enfield muzzle-loader was converted into a breech-loader. The second was the so-called Martini-Henry, which was the Peabody gun simply changed from rimfire to center fire, and last the Lee-Metford, which is the Lee gun with some slight alteration of the breech bolt suggested by Col. Metford. Germany, Switzerland, Austria and other European governments simply appropriate inventions, make some slight alteration, give them a German, Swiss or Austrian name and never recognize the inventor at all.

LEAHEY ARRESTED ON SERIOUS CHARGE

FORMER REGISTRY CLERK
GETS INTO TROUBLE

According to United States Officials There is a Shortage of \$101.96—Preliminary Examination Held Today Before Commissioner Patten—Defendant Well Known and Popular

Thomas B. Leahy, of this city, was arrested this morning by Deputy United States Marshal G. W. Lewis, of Madison, on the charge of having embezzled funds from the United States government while acting as clerk at the Janesville postoffice. The amount alleged to have been taken is \$101.96. Before United States Commissioner L. F. Patten the defendant was arraigned this morning, and was given a preliminary hearing, which occupied the greater portion of the day.

The preliminary hearing. When the case was called, J. J. Cunningham, of this city, represented the defendant, while United States District Attorney D. E. Jones, of Sparta, was on hand in the interest of the United States.

Evidence on the part of the prosecution was first introduced, and witnesses were sworn. Postoffice Inspector Ralph Bird was the first to take the stand. His testimony was principally in reference to visiting the local postoffice and checking up the business on July 28 last, finding a shortage of several dollars which he at once charged up to Mr. Leahy. This shortage was either from money or stamps on hand, or came from money that was paid into the office as box rent. Postmaster Nowlan, Clerk Frank Williams and Assistant Miss Mary L. Peterson were also placed on the stand, their testimony being in relation to the method of conducting affairs within the office.

Testimony on the other hand. At 2 o'clock this afternoon testimony was taken on the part of the defendant, Mr. Leahy being the only witness sworn. He admitted that at different times he used small amounts of the money in his charge, but that these sums were always made good. The sum of \$101.96 he claims to know nothing about, if such a sum is missing. The case was finished at 3 o'clock and the court held the defendant to appear before the grand jury, which meets in La Crosse on the third Tuesday in September. Bail was furnished in the sum of \$350.

Held on a Technicality. The defendant was held on the technical point of having used money that belonged to the United States government and not on the charge of having stolen it. The government is strict in these matters and the court could do nothing else but hold him.

More a Good Character. Mr. Leahy entered the local postoffice as registry clerk while ex-Postmaster A. O. Wilson was in charge. He proved a valuable and faithful employee from the start, always being obliging and attending strictly to business at all times. He has a host of friends in this city who will regret his misfortune.

IS VERY ILL AT JACKSONVILLE

Private Bond is Sick with Fever, but Slowly Improving.

A late message from Jacksonville states that Private Bond, of Company A, has been having a hard time of it in the camp hospital, fighting fever. For twenty days he battled against odds, and for a time his case seemed as though it would be of a serious nature. Local relatives report today the receipt of another message stating that Private Bond is still dangerously ill, but a trifle improved. The message was brief, and was from Captain Hanson.

Many in this city are personally acquainted with the sick soldier, and will anxiously await further news.

The defendant's side of the story will come out in court when the case is heard, and his friends predict his vindication. Mr. Moskos is a well known Janesville business man and has the confidence of all his associates.

TOBACCO MARKET HAS BEEN QUIET

BUT FEW SALES RECORDED
THIS MONTH.

Dealers Through This Section Are Looking Forward to Brisk Trade—Harvesters Are Now at Work—Storm Today Helps the Ripening Leaf, Insuring Heavy Growth.

Leaf tobacco sales in this section of the state have not been numerous during the past few days, and no sales of a large amount are reported by the dealers. The Wisconsin Reporter of this week says:

"Local markets are uneventful these days, there being practically no business from first hands, the only transaction coming to our notice being the sale of 50 cases '07 by John Peach to Carle, at \$1 and 8 cents. The reported sale of '08 for spot purposes is denied by Satter Bros., who assure the writer that they do not intend to treat any Wisconsin leaf this season by this process.

Packers have commenced to enjoy some trade in 14 stocks, and inquiries for samples and prices have begun to be frequent occurrences. O. L. Cullen reports the sale of 200 cases of '07, and Andrew Jensen a 30-case lot of the same goods. Samples are being prepared for inspection, and an improved business is looked for.

The harvest is progressing rapidly in all growing sections. Another heavy rainfall early in the week will be a great help to the ripening leaf and likewise ensure a heavy growth for the later fields. It now looks as if the late tobacco will be the best portion of the crop, barring wind and hail storms.

The shipments from this section to all points do not exceed 300 cases for the week past. Since last report 800 cases of cigar leaf were exported from New York.

FELL FROM A HIGH TOWER

Miss Kittie Duffy Sustains Painful Injuries at Crystal Springs Park

Miss Kittie Duffy, of Chicago, took a hard tumble at Crystal Springs Park yesterday while attending the picnic given by St. Mary's church. That she was not fatally injured is a wonder to those who witnessed the accident.

Miss Duffy had climbed up to the great landing in the tower on the grounds, which is built in a large tree in the foreground and in some unknown manner she fell from the landing. She struck on a large limb of the tree and from there to the ground.

Dr. M. A. Cunningham, who attended her found her suffering with a cut on her head as well as a severe shock to the spine. Her recovery is only a matter of a short time.

DISREGARD SANITARY LAWS

Some Merchants Are Liable to Arrest and Severe Punishment.

Certain Main street merchants are violating the city health laws these warm days, and Health Officer Gibson has served papers on them notifying them of their mistake. The charge against them is that they have allowed fish to rot and smell badly in barrels placed in the alley in the rear of their stores.

Another charge is that they throw slops into the alley, having no regard whatever for the health of the public. These warm days, the atmosphere is not improved by such violations of the law, and arrests are liable to follow if the law is not heeded.

BURIED AT MOUNT OLIVET

The Late Miss Vickerman Interred This Morning.

From St. Mary's church at Milton Junction this morning at 9:30 o'clock services were held over the remains of the late Mary A. Vickerman. The interment was in Mount Olivet cemetery in this city. The pall bearers were John Horton, John Palmer, John McConnell, Thomas Bennett, Lawrence Campion and B. Ryan.

HOME FOR THE COUNTRY CLUB

Contracts For Its Construction Have Just Been Awarded.

The Country club, which has recently acquired the Buckleton farm, will build a club house before the close of the present season. Contracts for its construction were awarded yesterday, and work will be begun at once. Charles W. Hay has the contract for the mason work and Knox Hazen for the wood work. The proposed building will be 60x34 feet and eleven feet high. It will be of cut stone, with red brick trimmings and a broad piazza will be built the full length of the front. It will be a handsome structure and work will be commenced as soon as the material is upon the ground.

BOSTON FIREMEN INJURED.

Blown Down a Stairway by Hot Air Explosion.

SEVERAL SERIOUSLY HURT.

All the Members of One Company More or Less Injured—Little Financial Loss Occasioned by the Fire They Were Fighting.

Boston, Mass., Aug. 26.—Eighteen firemen were injured, several of them seriously, at a fire in the building at No. 92 Arch street late Thursday evening. Fire broke out in the fourth story, occupied by A. F. Grant, printer, rapidly extending to the floors below and gaining immense headway before it was discovered.

Soon after the firemen arrived there were several hot-air explosions in rapid succession. All the members of engine company No. 25, who were at work on the front stairway, were blown down the stairs, several sustaining serious injuries and the rest being badly burned about the face and neck.

Among the seriously but not necessarily dangerously injured are: J. A. Mullen, assistant district chief, Captain J. B. Bryor, engine company 26.

Lieutenant Henry A. Fox, engine 25. J. A. Waggett, engine company 26. J. G. Riley, engine company 26. All the above are badly burned around the face and body. Other firemen injured around the face and neck are: George B. Gilden, Edward Shelton, E. L. Powers, G. E. Darrough, George H. Acers, all of engine No. 25; D. J. Lane, H. J. Kelly and Peter Foeb of engine company No. 26; F. W. Robinson of ladder No. 8, and Michael J. Teehan of ladder No. 17.

The injured men were conveyed to hospitals. The loss on building and contents was nominal.

NEGROES TO STAY.

Coal Operators at Pana, Ill., Say They Will Import More.

Pana, Ill., Aug. 26.—The striking miners still keep up their missionary tactics with the negroes to induce them to leave Pana, and have succeeded in getting a number of them away, although the negro boss claims that the ones who have left did not sign the operator's contract in Alabama, but simply got on the train and came north. The boss says: "We came here to dig coal. We understand the situation and we intend to stay here and work."

The operators say 150 more negroes will soon arrive for the mines, and that they are in the fight earnestly and to stay.

State Mine Inspector Rutledge visited the shafts to see if all were in proper shape.

President to Take a Vacation.

Washington, Aug. 26.—President McKinley announced yesterday that he would leave for Somerset, Pa., at 9 o'clock Saturday morning to visit his brother, Abner McKinley. He will remain over Sunday there, and on the way will stop at Camp Meade, Middletown, for an hour. The president's wish is to have as little display and publicity as possible attend his movements, he desiring a quiet trip, unhampered by ceremonies. Accordingly his plans as made up do not include a general review of the troops at Camp Meade. Mrs. McKinley will accompany the president.

Jamaicans Wish Annexation.

Kingston, Jamaica, Aug. 26.—The American annexation movement commenced on Monday in Manchester is rapidly spreading and finding general acceptance as the only visible alternative to ruin. The promoters of the movement are pushing it vigorously, being desirous of strengthening the hands of Jamaica's representative at the Barbadoes conference, thus encouraging intercolonial co-operations. The sole obstacle encountered is the color question.

Ireland to Be a Cardinal.

Washington, Aug. 26.—Archbishop Ireland is to be raised to the cardinalate. Information to this effect has been received from Rome by members of the Catholic university, and while no authoritative statement has yet been made by the Vatican, it is considered here that the honor will be conferred in the immediate future. In this way Pope Leo intends to express publicly his appreciation of Archbishop Ireland's efforts for the prevention of war between Spain and the United States.

Wisconsin Luther League Adjourns.

Beloit, Wis., Aug. 26.—The Luther League of Wisconsin closed a successful session in this city Thursday. Officers were elected as follows: President, Rev. W. K. Frick, Milwaukee; vice-president, Superintendent C. Thompson, Mount Horeb; general secretary, Val Bogg Johnson, Stoughton; treasurer, Rev. E. G. Lee, Milwaukee.

Dynamite Blows Up a Street Car.

Indianapolis, Aug. 26.—Some person unknown placed a stick of dynamite on the curve in the tracks of the College avenue line Thursday and it exploded under a car carrying sixty passengers. The wheel of the car was torn off, and a part of the floor blown up to the roof. Several ladies fainted and were carried into houses near by, but no one was seriously hurt.

Shatter Sails for Home.

Washington, Aug. 26.—Gen. Shafter and his staff left Santiago for Matamoros at noon Thursday on the Mexico. Almost all of his command has embarked and the few that are left there are expected to get under way for the United States to-day.

BASEBALL REPORT.

Games Played Yesterday in the Various Leagues.

Victory for Chicago and defeat for New York made yesterday a cheerful one for Manager Burns. Boston is sliding back into the company of Cincinnati and Baltimore. The Orioles are surely coming. By downing Cincinnati they passed that team, and now the two names at the top of the column are the same as last year—Boston and Baltimore. The remaining struggle promises to be between them again. Scores:

At Chicago—Chicago, 9; Boston, 2.
At Cincinnati—Baltimore, 14; Cincinnati, 1.
At Pittsburg—Pittsburg, 5; Brooklyn, 1.

At Cleveland—Cleveland, 1; New York, 0.
At Louisville—Louisville, 7-8; Philadelphia, 13-1.

At St. Louis—St. Louis, 10; Washington, 8.

Games today: Boston at Chicago, Brooklyn at Pittsburg, New York at Cleveland, Philadelphia at Louisville, Baltimore at Cincinnati (two games), Washington at St. Louis.

Western League.

At Indianapolis—Indianapolis, 4-13; St. Joseph, 2-7.
At Columbus, O.—Columbus, 10-2; St. Paul, 8-5.

At Detroit—Detroit, 7-2; Minneapolis, 1-1.
At Milwaukee—Milwaukee, 2; Kansas City, 1.

Interstate League.

At Newcastle—Newcastle, 6; Youngstown, 1.

At Dayton—Dayton, 7; Springfield, 5.

At Toledo—Fort Wayne, 8; Toledo, 4.

Until you bring them here. More people have found this out the past year than in any previous year, and the result is these are very busy times with us. Our trade has never been so large, and by extending our force and working over-time, we have met every demand promptly. These happy conditions may be partially due to the general revival of business, but the greatest agency has been the fact that the people are learning that our material and work are better and cheaper. A Good Time To Advertise

A great many people are timid about pushing their advertising at this time—either the war or uncertainty about the stamp tax or some other reason causes them to hesitate.

It is often a wise thing to be on the opposite side.

In other words, when others are not advertising, increase yours in The Gazette.

LATE NEWS BY TELEGRAPH.

FIVE MEN ARE NAMED.

Peace Commission Definitely Decided Upon.

WHITELAW REID A MEMBER.

The President Has Also Asked Justice White of Louisiana to Join—One Democrat and Four Republicans Constitute the Commission.

Washington, Aug. 26.—These are the commissioners definitely decided upon by the president to negotiate a treaty of peace between the United States and Spain:

William R. Day of Ohio.
Senator Cushman K. Davis of Minnesota.

Senator William P. Frye of Maine.
Justice Edward Douglas White of Louisiana.

Whitelaw Reid of New York.

Acceptances have not been received from Justice White and Mr. Reid and the state is therefore subject to modification. Justice White is a democrat. The other four are republicans. Secretary Day would be satisfied with a naval base in the Philippines. Senators Davis and Frye are for expansion, and the New York Tribune, Mr. Reid's paper, favors holding all the Philippines. Justice White's attitude is not known.

FOR RULING CUBA.

Deputy at Madrid Advances Some Practical Ideas.

Madrid, Aug. 26.—A Cuban deputy gives some practical ideas which may be well worthy of consideration in Washington. He said:

"The United States is about to encounter difficulties in imposing its dominion in Cuba. The insurgents are in arms against the Spaniards and do not accept the armistice nor submit absolutely to the American general.

"They wish, above all, the Spanish soldiers to leave Cuba, and will probably continue under arms, causing the Americans to keep a much larger army of occupation than they anticipated.

"The best thing the Americans could do would be to form local guerrillas under the command of American officers. These could be formed of Spanish soldiers and Cuban volunteers, all climate proof, and, instead of disarming the latter, utilize them in this way."

Shafter's Army Embarked.

Washington, Aug. 26.—The last of Shafter's army sail from Cuba today. The following dispatch was received at the war department late Thursday afternoon:

"Santiago, Aug. 25.—Adjutant-General, United States Army, Washington: Command all embarked this morning, except Twenty-fourth Infantry, detachment of recruits for First Illinois volunteer Infantry and a part of the Ninth Massachusetts volunteer Infantry, all of which will embark tomorrow morning on transports now here.

"Gen. Burt, with First Illinois, on Berlin and Berkshire, with 350 convalescents, leaves this morning for Montauk Point.

"SHAFTER, Major-General."

Trouble in Fourth Illinois Regiment.

Jacksonville, Fla., Aug. 26.—The discussions between Col. Casimer Andel, commanding the Fourth Illinois regiment, and officers over the question of going to Cuba culminated by the colonel ordering the arrest of Lieut.-Col. McWilliams and Maj. Bennett, Lang, and Elliott, on the charge of violating the sixty-first article of war by "conduct unbecoming officers and gentlemen." The particular thing charged is that the officers mentioned sent to Gov. Tanner and Senator Mason telegrams saying that all of the officers with two or three exceptions and 90 per cent of the men desire to go to Cuba and asking that influence be used to send the regiment there.

War Cost Spain \$600,000,000.

London, Aug. 26.—A dispatch to the Central News from Madrid says that the repatriation of all the Spanish troops in the Antilles will cost 50,000,000 pesetas (\$10,000,000). The total cost of the war has been 3,000,000,000 pesetas (\$600,000,000). The collection of \$10,000,000 in Cuba, Porto Rico, and the Philippines toward the support of the army will shortly be attempted.

Madrid, Aug. 26.—The Official Gazette publishes a statement of the expenditures in the Cuban campaign from Jan. 1 to June 6, placing them at the sum of 447,369,450 pesetas (\$89,473,290).

Third Illinois to Come Home.

Ponce, Porto Rico, Aug. 26.—The United States transport Oshdam, from Charleston, arrived Thursday, bringing Mrs. Miles and her daughter, the wife of Col. Rice. Gen. Miles plans to contemplate an immediate return to the United States. It has been decided to send the Fourth Pennsylvania, the Third Wisconsin and the Third Illinois volunteers home without delay. Sick-natives among the troops is on the increase. There are 600 men now in hospital quarters.

Scout Wants the First.

Madison, Wis., Aug. 26.—Gov. Scofield has flatly declined Gen. Fitzhugh Lee's request that an effort be made to have either the Second or Third Wisconsin regiment mustered out instead of the First.

Truth wears well. People have learned that De Witt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. People's Drug Co., corner East Milwaukee street.

Pythian Supreme Lodge May Make Sweeping Cut.

OFFICERS NOT YET CHOSEN.

Election Is Postponed Pending the Report of the Committee of Investigation—Brilliant Parade Witnessed by Thousands.

Indianapolis, Ind., Aug. 26.—In the supreme lodge of the Knights of Pythias the younger element won on a test vote Thursday morning. The contest grew originally out of the charges of financial mismanagement. Practically everybody disclaims any belief in the truth of the charges, but at the demand of the officers involved an investigating committee was appointed and ordered to report. Wednesday afternoon this committee notified the lodge that it could not finish its investigation by Thursday.

Thereupon the younger element, led by James E. Watson of Indiana, offered a resolution for the postponement of the election of officers, which, under the constitution, would have occurred yesterday afternoon. The resolution was ruled out of order. Watson then offered a constitutional amendment, permitting the supreme lodge to fix the election upon any day that it might deem expedient. This amendment was pushed through two readings Wednesday afternoon, and next morning, after a warm debate, it was put through its third reading and adopted by a vote of 93 to 29.

The younger men contended that, to hold the election before the report of the investigating committee, would make the latter a farce and subject the supreme lodge to general criticism. After the adoption of the amendment a resolution was adopted fixing the election of officers at 2 o'clock this afternoon. Members of the investigating committee said privately that they had not yet turned up anything reflecting upon the officers of the supreme lodge.

A sensation was sprung in the supreme lodge, when the committee on finance made a report recommending very heavy cuts in the salaries of officers and the allowance for mileage and per diem of the supreme representatives. Under the existing rule the per diem is \$5 for each representative and 5 cents mileage each way. The new estimates provide for a per diem of \$3 and 3 cents mileage each way.

A large reduction in salaries, clerk hire, and office expenses is also recommended. The salary of the supreme chancellor is reduced to \$6,000 for the two years, from \$10,000. To him is allowed, under the new estimate, \$1,800 for clerk hire, instead of \$3,000, which was the last appropriation. Office rent, office expenses, and traveling expenses are cut from \$2,880 to \$2,200. The salary of the supreme keeper of records and seals is cut from \$9,000 for the two years to \$7,200, and his traveling expenses to \$300 for the same time. His office expenses, including janitor services, light, fuel, and postage, are placed at \$2,000. For the past two years they were over \$4,000.

The competitive drills at the Newby oval were continued with fair weather and large crowds in attendance. In the evening the streets were packed with people to view the parade of the Knights of Khorassan.

This was the most spectacular procession any secret order has ever given in Indiana, and contained many beautiful floats, and was embellished with an unlimited amount of fireworks.

The supreme temple of Rathbone sisters discussed the question of an insurance feature, and votes sufficient to adopt the resolution creating it have been received.

Fix the Date for the Big Fight.

Buffalo, N. Y., Aug. 26.—It has been definitely decided that the Corbett-McCoy battle will take place at Cheektowaga on Oct. 1. McCoy left Buffalo for Saratoga, where he will resume training at once. The Olympic Athletic club has decided to transfer the Erne and Lavigne fight to the Hawthorne club, and it will come off at Cheektowaga on Sept. 12.

Appointed by Great Britain.

London, Aug. 26.—Sir John Bramston, K. C. M. G., and Admiral Sir James Edmondstone Erskine, K. C. B., have been appointed commissioners to inquire into the French treaty rights in Newfoundland. The Earl of Westmeath has been appointed secretary of the commission.

Thomas F. Bayard Is Sick.

Boston, Mass., Aug. 26.—Thomas F. Bayard, ex-minister to Great Britain, is reported seriously ill at Karlstein, the summer home of his daughter, Mrs. S. D. Warren, in Dedham. He is attended by Dr. Cabot of this city. Mr. Warren said that Mr. Bayard's illness was not critical.

At Poisoned Ice Cream.

Middletown, N. Y., Aug. 26.—Ice cream, believed to have been prepared with an extract containing poison, has caused the death of three persons within the past three days, and six others will probably die.

Mauser Bullets for Turkey.

Constantinople, Aug. 26.—A contract for the delivery to the Turkish government of 100,000,000 Mauser cartridges has been signed with a gun factory at Carlsruhe, Germany.

To him is allowed, under the new estimate, \$1,800 for clerk hire, instead of \$3,000, which was the last appropriation. Office rent, office expenses, and traveling expenses are cut from \$2,880 to \$2,200. The salary of the supreme keeper of records and seals is cut from \$9,000 for the two years to \$7,200, and his traveling expenses to \$300 for the same time. His office expenses, including janitor services, light, fuel, and postage, are placed at \$2,000. For the past two years they were over \$4,000.

The competitive drills at the Newby oval were continued with fair weather and large crowds in attendance. In the evening the streets were packed with people to view the parade of the Knights of Khorassan.

This was the most spectacular procession any secret order has ever given in Indiana, and contained many beautiful floats, and was embellished with an unlimited amount of fireworks.

The supreme temple of Rathbone sisters discussed the question of an insurance feature, and votes sufficient to adopt the resolution creating it have been received.

Fix the Date for the Big Fight.

Buffalo, N. Y., Aug. 26.—It has been definitely decided that the Corbett-McCoy battle will take place at Cheektowaga on Oct. 1. McCoy left Buffalo for Saratoga, where he will resume training at once. The Olympic Athletic club has decided to transfer the Erne and Lavigne fight to the Hawthorne club, and it will come off at Cheektowaga on Sept. 12.

Appointed by Great Britain.

Pythian Supreme Lodge May Make Sweeping Cut.

OFFICERS NOT YET CHOSEN.

Election Is Postponed Pending the Report of the Committee of Investigation—Brilliant Parade Witnessed by Thousands.

Indianapolis, Ind., Aug. 26.—In the supreme lodge of the Knights of Pythias the younger element won on a test vote Thursday morning. The contest grew originally out of the charges of financial mismanagement. Practically everybody disclaims any belief in the truth of the charges, but at the demand of the officers involved an investigating committee was appointed and ordered to report. Wednesday afternoon this committee notified the lodge that it could not finish its investigation by Thursday.

Thereupon the younger element, led by James E. Watson of Indiana, offered a resolution for the postponement of the election of officers, which, under the constitution, would have occurred yesterday afternoon. The resolution was ruled out of order. Watson then offered a constitutional amendment, permitting the supreme lodge to fix the election upon any day that it might deem expedient. This amendment was pushed through two readings Wednesday afternoon, and next morning, after a warm debate, it was put through its third reading and adopted by a vote of 93 to 29.

The younger men contended that, to hold the election before the report of the investigating committee, would make the latter a farce and subject the supreme lodge to general criticism. After the adoption of the amendment a resolution was adopted fixing the election of officers at 2 o'clock this afternoon. Members of the investigating committee said privately that they had not yet turned up anything reflecting upon the officers of the supreme lodge.

A sensation was sprung in the supreme lodge, when the committee on finance made a report recommending very heavy cuts in the salaries of officers and the allowance for mileage and per diem of the supreme representatives. Under the existing rule the per diem is \$5 for each representative and 5 cents mileage each way. The new estimates provide for a per diem of \$3 and 3 cents mileage each way.

A large reduction in salaries, clerk hire, and office expenses is also recommended. The salary of the supreme chancellor is reduced to \$6,000 for the two years, from \$10,000. To him is allowed, under the new estimate, \$1,800 for clerk hire, instead of \$3,000, which was the last appropriation. Office rent, office expenses, and traveling expenses are cut from \$2,880 to \$2,200. TWO NEW GROCERY ARTICLES!

Some new things are better than old ones. Some are not so good. We look carefully into new articles before we recommend them to replace the old ones. The two new grocery articles we are speaking of you have already become familiar with---their names at least.

Freun's Wheat Wafers.

I. X. L. (Cold Water) Starch.

We have pushed both of them quite extensively in the past few weeks, and with real marked success too. People have bought freely of them, praised them both generously. We knew of their merit to such an extent that we felt warranted in placing our personal guarantee back of them. The manufacturers give their word as to their worth, so there is no doubt but that they are good.

I. X. L. Cold Water Starch does not require boiling. It saves time and labor and is the best article of its kind on the market. We sell it 3 packages for 25c, whereas it usually retails at 10c package. Large purchases place us on a jobbing basis.

Freun's Wheat Wafers A perfectly digestible, nutritious breakfast food. The weakest stomach digests it. Children grow healthy and strong with it as a food. Grown people acquire more nerve force and general strength on Freun's Wheat Wafers. The indigestible part of the wheat kernel is removed. We sell it 10c package; usual retail price is 2 packages 25c. Our large purchase helps us to make the low price.

We never give our word to an article unless it has merit. You can rely on both of these articles. Give them a trial.

When Mt. Vesuvius Spits Fire

It does much harm to some localities and people but it also accomplishes some good. The lava which it belches forth is put to many uses--one in particular that is really a boon to the housewife:

Lava Enameled Solid Steel Hollow Ware...

Will stand 1000 degrees of heat and yet won't burn or chip. A new article and fire proof against servant girls. This new ware is made of sheet steel first dipped in aluminum, then in melted lava. It is practically non-destructible and absorbs the heat so that cooking can be done in much less time. Any article cooked in it will not stick to or spot the ware. It is absolutely the finest kitchen ware ever put on the market and will outwear any kind of material. It is not much higher in price. For instance:

No. 8 Tea Kettles sell at \$1.00.

No. 9 Tea Kettles sell at \$1.20.

We have Lava Enameled Ware in Tea Kettles, Stew Pans, Sauce Pans, Preserving Kettles, Wash Dishes, Etc. Its appearance is very smooth. You will be pleased with it.

H. L. McNAMARA, Armory Block.

Always Short A Collar.

Never have too many on hand. They soil quickly and the large supply of fresh linen you thought you had has dwindled away.

We Have Fixed the Collar Question.

You can have collars to spare, plenty of them.

Collars at 5c.

Collars at 10c.

Collars at 15c.

We have just added a line of 15c collars, pure linen, 4 ply, the proper weight for the laundry. Styles and shapes are the very latest--round points in standing and turn down, every height; positively the same value as those sold at 20 and 25c, and all we ask you is.....

15c

(2 for 25c.)

Cotton Collars are in high favor in the cities this season. We have put in a complete line of them to be sold at 10c straight; they ought to go at 15c but we are after reputation. These collars stand wear and laundering better than linen--so people say who have worn them. The shapes are all late, in fact, in duplication of imported German collars that retail at 85c; you can have all you want of them at.....

10c

Broken sizes in Cluett, Coon & Co.'s and Earl & Wilson's 15c collars, standing and turn down go at 5c.

A Mothers' Opportunity...

In those wide turn over collars for boys to wear with shirt waists, regularly sell at 20c; we put them down to 5c. We are cleaning out our collar stock and have many good bargains at 5c.
